### III. Event Description 活動說明

For the past years, Taiwan has targeted the New Southbound countries as partners for business, economics, trade, talented and technical cooperation. As the environmental awareness of the New Southbound countries rose, the demand for environmental protection infrastructure and technologies also greatly increased.

For promoting the cooperation of environmental protection between Taiwan and the New Southbound countries, the Taiwan Environmental Protection Agency host the “The Environmental Protection Exchange Event between Taiwan and New Southbound Countries: Environmental Protection Facilities Visiting” event, taking foreign students from New Southbound countries to visit Taiwan's environmental protection facilities, and helping the participants to conduct exchanges and discussions with Taiwan's environmental protection industry and academia for enhancing their understanding of environmental protection technologies and promote the awareness of environmental sustainability.

近年來臺灣將新南向國家定位為未來經貿、人才交流及技術合作的對象，隨著新南向各國對環境意識的提升，對環境基礎設施及環保技術的需求也大為增加，為促進臺灣與新南向國家的環保交流合作，環保署舉辦「臺灣與新南向環保交流系列活動：環保設施場所參訪」，帶領新南向國家留學生實地觀摩臺灣環保處理設備及技術，並與臺灣環保業者及學術界進行環保交流討論，提升參與者對環保
