Class of 2019 Commencement with an African Connection

University of Taipei Commencement Ceremony was held on Saturday, June 15 on the Tianmu campus. The ceremony honored the 2019 graduating class. The important event recognized the students' personal growth and achievement. Dr. Dana Tai, President of UT, congratulated all graduates and their families, and emphasized the important value of collaboration with others. Apart from many wonderful performances followed with tassel turning and award issuing, one amazing surprise was the blessings from our distinguished guests of the University of Johannesburg, South Africa. This group of students and staff had arrived the day before and enjoyed staying with students on campus, learning mandarin and doing sightseeing activities.

Kick-starting Cultural Exchange

A Taiwan/Korea taekwondo performance exchange was held at the University of Taipei on June 6 on the Tianmu campus. A group of young students aged from 12 to 24, called *Arirang Taemu*, from South Korea, visited UT and exchanged performance experience with students of the UT Taekwondo Team.
