

Encounter Foreign Culture

Cooperation Between University of Taipei and Taipei Municipal Wuchang Junior High School

In order to provide a more comfortable living environment for international scholars and students who visit UT, we cooperated with Taipei Municipal Wuchang Junior High School (WJHS) and built the “International House” at its campus. After the construction was completed in July, 2019, exchange students of UT started to enjoy their stay in the new dormitory.

Ellina Bazina, an exchange student from Russia, was invited by WJHS to introduce their students to Russia and its local customs. “I’m so glad to be invited to talk about my country and its cultures with the teachers and students of WJHS,” Ellina Bazina said. “They gave me a warm welcome.”

“Ellina gave a brilliant presentation. Everyone loved it,” said Ms. Kong, a teacher of WJHS. “We hope more exchange students of UT could pay us a visit and share their stories with us.”
