LETTER

University  
of Taipei

# It's OK We got your back

Hi international students,  
welcome-to Taiwan

**August / 2020**

Taiwan has been doing quite well in fighting COVID-19. The Ministry of Education (MOE) has held a workshop for safe entry practice after allowing universities to admit students from abroad.

UT immediately begins its preparation for administrative process, quarantine arrangement, and airport pick-up upon the arrival of every foreign student.
