NEWSLETTER (August, 2021)

Office of International Affairs

Former President Dana Hsia Ling Tai stepped down from her position as head of the University of Taipei on July 31, 2021. Dr. Elton Yin Hao Chiu, Professor and Dean at the University's College of City Management, assumed the position of Acting President on August 1, 2021. President Chiu, known as the "City Planner," will use his expertise in urban planning and design to guide the University as it serves as the "Think Tank" of the Taipei City Government and expands its internationalization efforts.

The new library building, the first library building in the history of the University, is located at Bo-ai Campus. The library is designed to suit the professional needs of the University. Accessible facilities have also been installed in the building. Both the new library's spatial specifications and collection are in accordance with national standards. A total of 732 seats were installed along with a compilation of different facilities, such as: discussion rooms, research rooms, and AV rooms to support teaching, learning, and research activities.
