JULY 2022 , Office of International Affairs,
University of Taipei

Virtual Gathering for International Students in July

The Office of International Affairs hosted the **“Online Meeting for International Students in the End of 2022 Spring Semester”** on July 4, 2022 to offer better care to international students at the University of Taipei, confirm whether they need help in their daily and academic lives, and provide them with useful information such as epidemic prevention regulations and school affairs that require attention.

The meeting consisted of three parts, one for students from mainland China, another one for overseas Chinese students, students from Hong Kong, and students from Macao, and the last one for other foreign students. In addition to providing information, the organizers of the meeting also confirmed the statuses of students in each department and institute and answered questions from students and faculty. Furthermore, in addition to questions from the students, the organizers of the meeting also gave detailed descriptions of the regulations related to scholarships, financial aid, dormitories, and epidemic prevention. The Office of International Affairs hopes to maintain good communications and interactions with the students and faculty of departments and institutes through the Care Meetings at the beginning and the end of each semester so that every international student who comes to study at the University of Taipei will have a wonderful experience studying abroad.
